The race committee through the advisement of the US Coast Guard made the tough call to cancel this year's raft race. One hour prior to the race a severe thunderstorm warning was in effect for Middlesex County and dopplar radar indicated a chain of strong storms was approaching the Middletown area. Because of this immetnet threat the event was called off. The safety of all participants is of paramount importance to the raft race committee. We apologize for the last minute changes and look forward to seeing everybody in 2015.
